

August 9th, 2022

To our Valued Customers

On May 17th, 2022 the Port of Belize Ltd. (PBL) officially gave notice to the general public of their intention to suspend access to the port's pierhead for vessel operations due to urgent repairs which need to be conducted on the trestle connecting the pierhead to the mainland. The intended repairs are programmed to be staggered over three periods, with the first repair period having been successfully completed, and the second repair period currently anticipated to take place during **August 30th to September 8th, 2022**.

As a consequence of this closure, and to minimize the disruption to the reliable shipping schedule we offer to you, our valued Customers, we wish to advise of the following changes to our departure schedules for **Week 35**.

- The scheduled Belize sailings for Week 35 (Tuesday August 30th & Thursday September 1st, 2022) have both been cancelled.

We will resume our regularly scheduled sailings from Florida as follows:

1. **Departing Florida on Tuesday September 6th, 2022**, arriving in Belize City on Saturday September 10th, 2022.
2. **Departing Florida on Thursday September 8th, 2022**, arriving in Belize City on Sunday September 11th, 2022.

We apologize for the inconveniences these disruptions to our service will cause and will keep you informed should there be any PBL Operational Delays, which result in a change to the above schedule.

Hybur Ltd. / Hyde Shipping Corporation / Caribbean Shipping Agencies, Ltd. values the close relationships we have with you our Customers, and we thank you for making Hybur Ltd. your Carrier of choice.
